WFC POLICY STATEMENT

Use of Body Restraint Devices In Motor Vehicles

Approved by the Assembly of the World Federation of Chiropractic

Toronto, May 1991

WHEREAS the chiropractic profession is concerned with prevention of injury and suffering and the maintenance of health;

AND WHEREAS many occupants of motor vehicles are injured or killed in collisions because they were not utilizing body restraint devices such as seat belts, head restraints and air bags;

AND WHEREAS body restraint devices haven proven effectiveness in preventing injury and death in motor vehicle collisions;

NOW THEREFORE IT IS RESOLVED that the World Federation of Chiropractic endorses, supports, and encourages the use of body restraint devices for all occupants of motor vehicles and appropriate legislation and policy to support this practice.
