World Spine Day - October 16th: Invest in Your Spine!

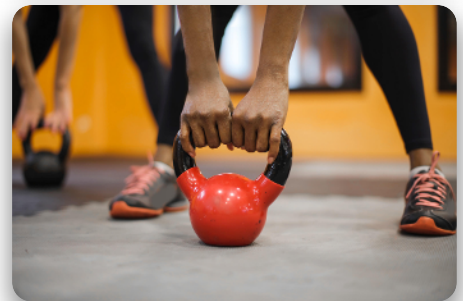

Every year on October 16th, we observe World Spine Day, and this year we're emphasizing the need to **Invest in Your Spine!**

To celebrate World Spine Day 2024, we're excited to be hosting a WFC competition to recognize outstanding efforts in raising awareness about spinal health.

Whether you're a professional association, educational institution, or individual practitioner, we want to hear how you've made an impact in your community.

Share your creative projects and initiatives to promote the message of **#InvestInYourSpine**, and you could win fantastic prizes! Let's come together to spread the importance of spinal health and inspire positive change.

World Spine Day aims to raise awareness about spinal pain and disability. This year, our goal is to inspire people of all ages to take proactive steps to prevent spine pain and disability with the message of **#InvestInYourSpine**.

Start planning now to raise awareness about spinal health in your community. Whether it's through creative initiatives in your clinic, school, office, or neighborhood, you can make a difference.
